Sierra Club Gives Ann Williams Major Boost in State House Bid

The Sierra Club of Illinois has announced its endorsement of Ann Williams in the 11th District State House race.

The Sierra Club noted Williams' success in advancing Attorney General Lisa Madigan's pro-environment legislative agenda. Williams, an attorney and resident of the District's the Northcenter neighborhood, served as the Attorney General's legislative point person for more than four years.

Founded in 1892, the Sierra Club is a leader in environmental protection on the local, state, and national levels. The Illinois chapter represents more than 23,000 individuals statewide, 900 of whom reside in the 11th District.

Williams, who is building broad support in her bid to defeat the District machine's hand-picked candidate, is especially honored by the Sierra Club's endorsement.

"I am a longtime admirer of the Sierra Club's tremendous work to protect our communities," said Williams. "I very much look forward to working with them in Springfield to promote a clean environment, energy efficiency, and renewable energy sources."

With less than a month until election day, now is the time to stand with the Sierra Club and the growing number of independent-minded supporters who back Ann's grassroots campaign. We need your help to ensure a victory for reform on February 2nd.
